ABB

HOW IT WORKS

1

Purchase \$1,000+ in ABB grounding products

Any combination of Blackburn, Color-Keyed, EZ-Ground, Mechanical Connectors or Tools, Dies & Kits at a participating branch. Every \$1,000 on the order = one ballot. A \$5,000 order = 5 ballots each.

2

Your distributor submits the entry

Your distributor sends ABB a list with the contractor name, rep name and order details - no physical ballot needed.

3

Both names go in the draw

The contractor and the branch rep are both entered. Every \$1,000 on the order = one ballot each.

4

Winner is drawn in November

Between the second and third week of November - ABB contacts the branch and regional distributor office to advise them of the winning contractor and rep. The branch informs both winners and coordinates prize selection. The ABB rep then delivers both prizes in person at the branch.

Contest open September 1 - October 31, 2026 at select participating branches.

THIS IS NOT A LOTTERY. Canadian law requires that any promotional contest involving a prize and a random draw must offer a free alternate method of entry that does not require a purchase. As required by Canadian law, a free alternate method of entry is available. Full rules and alternate entry details at [<https://bit.ly/4fNN8dm>] or scan the QR code below. Skill-testing question required. Open to Canadian residents 18+. Sept 1-Oct 31, 2026.
